Nu-Trend is an independent family run bathroom renovation company based in Sydney that has been operating since 2009. Run by the directors Rick and Robert, you deal directly with the people who will handle your project from start to finish.

Nu-Trend is one of the few bathroom renovation companies that are also qualified plumbers. It means we can take care of your bathroom plumbing and your renovation works without needing multiple contractors.

We can take care of everything for you from design, demolition, renovation and clean up. We work with award winning leading designers and bathroom suppliers in Sydney that include (but are not limited to):

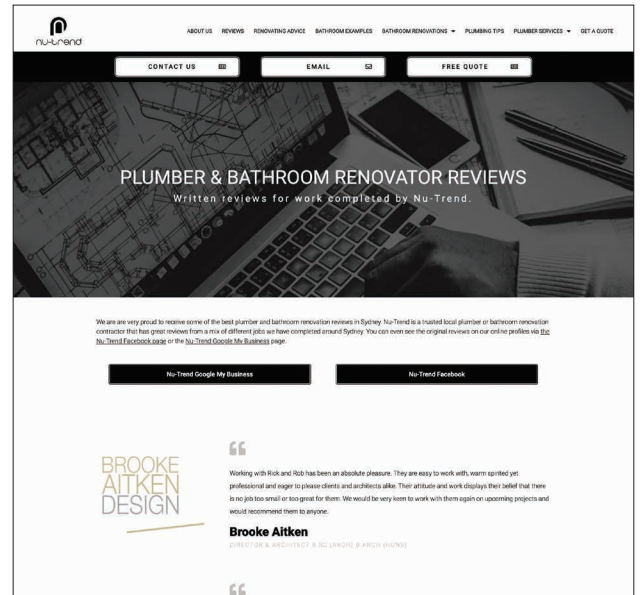

OUR REVIEWS

“ We engaged Nu-Trend Plumbing to do two complete bathroom renovations for us. I can't recommend the team strongly enough, they are professional, tidy, prompt and polite, and above all excellent craftsman.

They have a strong network of other tradies they use (tilers, electricians etc) and all have clearly been vetted and know they need to deliver to Nu-Trend's standard. You could not get a more professional crew working on your house.

“ Rick and Rob were both very professional and very easy to deal with. They undertook their work with care and were keen to make sure everything was done to our satisfaction. Very neat and tidy too. Overall a great experience and we would definitely use the guys again! Mark Architekt and Interior Designer.

“ Just had a bathroom and laundry makeover done: excellent service, all done very professionally and all on time as was agreed. Also some great advice on the selection of fittings - much appreciated.

Robbie and Chris did a great job, and many thanks to Rick for organising it all.

Highly recommend - 5 stars.

“ We asked Rick and team to undertake a complete renovation of our main bathroom. We are so pleased with the finished product.

Our new bathroom looks amazing on the outside, but we also saw first hand how much care and attention the boys put into the “behind the scenes” plumbing, wiring and sealing.

The team were as professional as they were punctual, keeping us up to date at all stages of the project. Can't recommend Nutrend highly enough!

“ Highly recommend Nu-trend, we had our ensuite fully renovated by Rick and his team, and it is outstanding!

They were all very professional, and respectful of our house (and our cats!), a great bunch of people to work with.

Especially appreciate the attention to detail with the tiling :)

“ We used Rick and his team for our ensuite renovation and were very happy with the job they delivered. Our bathroom looks amazing and almost exactly as I had it designed in my mind. Nothing was too much trouble. The team took the time to answer all my questions and provided advice whilst still respecting my choices as well.

Things never go exactly to plan during renovations and we worked through each issue with excellent communication. All of the trades were respectful, polite and neat. We are time poor but also have very high expectations and attention to detail.

I needed someone I could trust that would pay attention to the same details that I would notice and manage the project on our behalf and this is what Rick delivered.
